The ADULT SEXUAL SOLICITATION issue

What a fucking insult! If I could sue these fucks for slander I absolutely would. This makes us sound like pimps and whores trying to get some action off of their fucking site.

After a 12 year run I am now dead-centered within the Corporate® Crosshairs – being deleted for every post that I make. Every post, I am being disappeared.

I have met a lot of interesting people in this 12 year span, been able to make art that I would've never been able to make before, and discovered innumerable new artists, but it seems that like all good things it must all come to an end (the bullshit of course lasts forever). Thank you Corporations® for killing yet another thing that us lowly boots-on-the-ground humans actually thrived on. Gotta monetize culture like the vultures that you are. You killed Tumblr. You killed Instagram. You turned Facebook into a wasteland. You have us at each other's throats. Well done.

We all should be sick to fucking death of the strangle-hold that the All-mighty Meta® has on all of us with their Minions™, Facebook® and Instagram® being the thugbots of what is and what isn't. Fuck them. Where is our Coding Saviour to lead us out of the dark ages and into the light?! Yeah, right... everyone has been assimilated.

Fuck it, I think I'll go analog, print another magazine, and say fuck all.

Social Media® is dead.

Your post has been removed because we hate Art (and you)

All that I want to do is post my art

to the small handful of people that may like to see it. My art is not abusive. It does not hurt anyone. It causes no harm. I like to think of it as more about grace, emotion, beauty, and the pain of existence. It is certainly not "**Sexual Solicitation**," which is both insulting and slanderous to not only myself but to the model(s) within the art. All of my images are censored, nary a nipple in sight, but that matters not at all. "GUILTY!" But who do we take our protestations to? Instagram is unaccountable for its arbitrary decisions. They perform their CorporateDuty™ like good little Soldiers®, just following orders with relish and glee. Fascist regimes cannot be Fascist regimes without good little Soldiers doing all of the dirty work.

I am here for three reasons: (1) to have an audience of some sort, (2) to follow, and be inspired by other artists; and (3) this is the new (crappier) Model Mayhem, a place to connect with models.

Just leave me the fuck alone.

Do us all a favor and spend your time and energy removing racist, misogynistic, traitorous, etc. posts that are truly harmful and evil. Art is not porn.

And if this is somebody with an agenda (I can only think of one person), all I can say is what a pathetic life you are leading. DO something. MAKE something. Don't just hide behind your pitiful keyboard trying to be powerful.
